

Steel DOOR

A man in a black t-shirt and shorts is running through the large white letter 'O' in the word 'DOOR'. To the right of the 'O' is a red steel door with two small rectangular windows and a silver handle. The background is a grey corrugated metal wall.

WHY

S

Steel

Door

When selecting a door, it's crucial to choose one that is both durable and resilient, capable of withstanding wear and tear over time. This means the door should resist damage from natural elements such as sunlight, water, and termites, as well as any potential man-made impacts.
